BATHROOM LIGHTING

YOUR BATHROOM IS YOUR OWN PRIVATE SANCTUARY WHERE YOU START AND FINISH YOUR DAY.
Styling with the right lighting is key to making it a space where you can feel your best. As with other rooms in your home, your bathroom lighting should follow the same layered approach, i.e., ambient light for general illumination, task lighting for grooming and accent lighting for decorative highlights. With lights, mirrors and more available in our bathroom range, you can create a practical yet stunning ambience where you can relax and rejuvenate.
